# Understanding Our Company Policies

01

## Quality policy

At SPG, we are committed to achieving excellence in every project we undertake. Our Quality Policy is based on:

- 1) Commitment to Excellence:** Providing superior construction solutions with a focus on performance, safety, and sustainability.
- 2) Client Satisfaction:** Meeting and exceeding client expectations through timely delivery, cost-effective solutions, and high-quality work.
- 3) Continuous Improvement:** Constantly evaluating and improving our processes, technologies, and skills to maintain our competitive edge.
- 4) We continuously strive to ensure that all our projects meet or exceed both local and international quality standards.**

02

## Health and safety policy

SPG's commitment to health and safety is reflected in our Occupational Health and Safety Policy, which ensures:

- 1) Risk Management:** Identifying hazards and implementing preventive measures on all our construction sites.
- 2) Employee Training:** Providing ongoing safety training to our workforce to ensure safe working practices.
- 3) Compliance:** Adhering to all Kenyan health and safety regulations, as well as international standards.
- 4) Workplace Safety:** Creating a safety-first culture across all our projects to protect the well-being of our employees, clients, and stakeholders.

# ENVIRONMENTAL POLICY

SPG is committed to minimizing the environmental impact of our construction activities. Our Environmental Policy includes:

- Sustainable Practices: Promoting the use of sustainable building materials and technologies to reduce our ecological footprint.
- Waste Management: Implementing strategies to minimize, reuse, and recycle construction waste.
- Energy Efficiency: Ensuring our buildings and projects are designed and constructed with energy efficiency in mind.
- Compliance with Environmental Regulations: Adhering to all environmental laws and regulations governing the construction industry.

We aim to contribute to the preservation of Kenya's natural resources while ensuring our projects meet the needs of future generations.
